

Approved Input List

Reg # 08-244

Envirem Organics Inc.

PO Box 3509 Station B, Fredericton, NB E3A 5T9

Pro-Cert Organic Systems Ltd. offers input approval for a range of programs including the Canadian Organic Standards (COS) (CAN/CGSB 32.310 and .311), the United States Department of Agriculture National Organic Program (NOP), EU Reg. 834/07 and 889/08 (EU) and the Japanese Agricultural Standard (JAS). This is a summary of the approved products and their compliance status in this certification period. This document does not constitute proof of approval, but supplements the applicable valid Approved Input Certificate(s) issued by Pro-Cert Organic Systems Ltd. to the above named applicant.

Date of Issue: February 19, 2024

Approved Input Certificate

Canadian Organic Standards

Envirem Organics Inc.

PO Box 3509 Station B, Fredericton, NB E3A 5T9

Reg # 08-244

Pro-Cert Organic Systems Ltd. (Pro-Cert) hereby confirms that the input(s) listed below, and in the attached Approved Input Summary, may be used in the production and/or processing of organic products in compliance with the requirements of the **Canadian Organic Standards (COS) Organic Production Systems Permitted Substances Lists (CAN/CGSB-32.311-2015)**. This confirms that the input(s) so listed are produced in compliance with respect to the annotations regarding the production of the input(s). Note that this approval does not waive the requirement for operators to comply with any restrictions on use as required by the standards and annotations for input use listed therein. Operators wishing to include approved input(s) in their organic production plan should consult with their certification body and obtain approval for use prior to any application of the input.

Inputs Approved for Organic Use:

See the attached detailed Approved Input Summary

Approval Based on: Document Review On-Site Verification

Effective Period of Approval: January 14, 2024 to January 13, 2025

Initial Date of Approval: January 14, 2009

Date of Issue: February 19, 2024

This approval remains in effect as indicated above unless surrendered by the holder or until suspended or cancelled by Pro-Cert Organic Systems Ltd. The extension of the approval requires an annual update of the input production plan, and on-site verification (where required) and annual evaluation by Pro-Cert.

Doc # PC 11.7.1 COS AIC; Version 5; Effective 03/03/2020

USDA National Organic Program

Envirem Organics Inc.

PO Box 3509 Station B, Fredericton, NB E3A 5T9

Reg # 08-244

Pro-Cert Organic Systems Ltd. (Pro-Cert) hereby confirms that the input(s) listed below, and in the attached Approved Input Summary, may be used in the production and/or processing of organic products in compliance with the requirements of the **USDA National Organic Program**. This confirms that the input(s) so listed are produced in compliance with respect to the annotations regarding the production of the input(s). Note that this approval does not waive the requirement for operators to comply with any restrictions on use as required by the regulation and annotations for input use listed therein. Operators wishing to include approved input(s) in their organic production plan should consult with their certification body and obtain approval for use prior to any application of the input.
